

*PROJECT TEAM*

## Our immigrant students ;

- Their school absenteeism will decrease
- they will be more adapted to school and society.
- this will contribute to their personal and social development and academic progress . In addition ,it will contribute to the development of self-confidence and social communication skills
- they will be happy individual looking forward future with hope
- they will benefit from equal opportunities in education

Additionally , Our project team started sharing information from **facebook** group and **youtube** channel to facilitate the access of our colleagues to the knowledge and experience gained

## Thanks to Our Project Our Host Project Partners

- mutual exchange of information and cultural interaction
- have the pride of transferring their work to other countries
- In the medium and long term, they will have the opportunity to expand their education networks with the new projects and collaborations they will develop with our institution.

### Activity Schedule

To be able to solve the adaptation problem of the immigrant students, in order to gain a new perspective and develop new school policies, We planned to attend two on-the-job observation and two training courses.

### Traning courses:

France –Paris January 2019

Spain-Barcelona June ,2019

### On-the-job observation:

Italy- Citta di Castello February , 2019

Spain – Vilaboa- Pentevedra March ,2019

# LANGUAGES, COLORS ARE DIFFERENT BUT HEARTS ARE THE SAME

The starting date is :01 November 2018

## Thanks to the this

### Project the participants;

**PROJECT START MEETING /ANKARA**

\_will improve a new perspective about the school integration of immigrant students.

\_will learn how they turn disadvantageous situation created by

immigrant students to advantageous one.

\_will learn new technics and methods about the school integration of immigrant students.

\_will learn different ways of technology to share the informations they get from the Project.

\_will have experience about noticing the problem,seeking solution ways,solving the problems and sharing its results with their colleagues.

\_will have a great excitement and motivation because of trying to solve an actual problem;that is to say;school integration of immigrant students.

\_will see what kind of activities are done in European schools.

\_their motivation about learning foreign

**PROJECT MEETING WITH OUR TEACHERS**

language will increase \_both participants and other teachers will have an activity guide which facilities adoption of immigrant students.

-Addition to these; participants will be able to communicate with their

colleagues in abroad and share informations with others.Also; they will be innovator and will have wide vision including Erasmus+ Project and teamwork experiences.

\_With this experiences and informations,they will be eager about making new projects later.

Our principals will have experiences about solving problems,creating team spirit ,managing crisis and they will set a special communication with their staff.

\_Also;while they are determining school policy ,they will take some subjects into account such as;cross cultural education,social solidarity,peace education,respect for differences,integration with European Union.

**WE INFORMED OUR PARENTS ABOUT OUR PROJECT**

## Thanks to our Project, Our School

- will become an institution with human and physical infrastructure in accordance with European standards in the education of immigrant students

**PROJECT TEAM MEETING**

-the recognition of our school in both our country and in Europe will increase

- will become an advisory institution in the education of immigrant students

-will encourage immigrant students and make them feel ready and competent Besides educational teaching role, immigrant students will play an important role in successfully adapting to a new society.
